RE: Gaming Partners International USA, Inc. and Showboat Atlantic City "Showboat" Petition #0341202- Approval for Paulson Chip, \$1,000.00 value gaming chip.

Dear Ms. Hughes:

The staff of the Division of Gaming Enforcement's (Division's) Regulatory Enforcement Bureau has reviewed the sample set of value gaming chips manufactured by Gaming Partners International USA, Inc. received in this office on March 2, 2012. Specifically, Showboat Casino is seeking an approval of a \$1,000.00 value gaming chip.

A review of Petition #0341202 and their exhibits included: schematic design information showing front, back and edge design features of the value gaming chip; primary and secondary color information; specifications as to chip inlay, chip diameter, including separate diameter information, and permanent casino name "Showboat" and "Atlantic City" located in the center; value on both the front and back of the chip; and information as to graphics and other measures designed to prevent counterfeiting of each value gaming chip. The Division's review found these items to be acceptable.

Based upon a physical review and analysis of sample chips submitted to the Division and having conducted a physical inspection of the sample chips utilizing a Closed Circuit Television System, the \$1,000.00 value gaming chip for Showboat Casino is acceptable for use.
